A33 The Winner's Mindset: Why Do Some Succeed While Others Don't: [business literature] / A. V. Alexeyeva. – Almaty: Alex Press Company, 2025. – 40 p.: Illustrations. – English.

ISBN 978-601-12-2952-4

The book "The Winner's Mindset" is the first in a series of twelve mini-books on the topic "The Mindset of a Successful Person". It reveals the key secret of success: it's not about talent, luck, or even resources – it all starts with mindset. This book explores what sets winners apart from those who give up; how to change limiting beliefs that hold you back; why mistakes and failures are not enemies but stepping stones to success; how to develop mental discipline and stay on track; and how to build a supportive environment that helps you move forward. It offers practical strategies, real-life examples from successful people, and a step-by-step plan for those ready to take control of their thoughts, habits, and decisions. Victory begins in the mind. The book is intended for a wide audience.
